

BOXER SPIRIT

WHERE PAST MEETS FUTURE

Wunderlich R nineT »Daytona Silver«

If the black DAYTONA exudes understated sporty elegance, the silver DAYTONA would claim extroversion. Although both are equipped with our DAYTONA fairing, their appearance differs. Their appeal exerts from the close-cropped front and rear fenders. The application of the noble brushed, natural aluminum is genuine and is not concealed by paint or anodized coating. With its evident traces of high-quality craftsmanship created by stretching, the material is incomparable. Thus, the silver DAYTONA serves as a good friend with who you go through thick and thin. If the black DAYTONA is the tailor-made suit, the silver one represents the leather jacket.

These machines are presented in unison with our casual, high-quality, black MAMMUT luggage bags. These bags provide a stellar appearance on the rider and bike for that weekend adventure. Our noble tank bag also offers additional storage space..
