### R nineT Racer as Sports bike, Seventies style

With the launch of its R nineT Racer, BMW had created a classic sports machine entirely in the style of the Seventies. The sportiest member of the R nineT series which now consists of five model variants, was based on the three-piece trellis frame known from the Scrambler model. Due to its pillion, which can be disassembled, it is possible to build individual specials with manageable effort.

The R nineT Racer is equipped with a conventional set of forks and BMW's paralever, and runs on alloy five-spoke wheels. As far as the engine is concerned there are no differences between the Racer and its sister variants. The familiar powerful Boxer with its 110 PS has merely been adjusted to Euro 4 guidelines without major effects on the unit. The eye-catching semi-fairing with its narrow profile, behind which a sporty ambitious rider is comfortably seated on a humped single race-seat clutching the clip-ons, embodies the flair of the seventies at its best. Needless to say that matching footpegs are offered as well. All in all, the package seems to be a quite successful tribute to those very popular racers from the days of the oil crisis, Watergate and Germany's second soccer World Cup victory. On our roads, these days, 'The Racer' only appears in light white, featuring a silver frame. Its visual appearance is well rounded out with patterns in classic BMW-motorsport colours.

As you would expect from a seventies sports bike, 'The Racer' is obviously a single seater. Anyone who can't do without a pillion on his swift low level flight above John Loudon McAdams best, may order ex-works the bolted-on pillion frame, together with a matching dual seat and a pair of pillion foot rests.

Our vast product range for the complete R nineT family holds lots of opportunities for the R nineT-Racer. With our main focus on products concerning safety, ergonomics, design and luggage systems, we have all sorts of accessories to choose from. Whether you need a pair of stylish side bags, a sporty-looking tank bag, our swingarm license plate mount for a free rear end vision, or the fully adjustable paralever bar for perfect chassis tuning – any Racer friend will certainly discover just what he had been looking for – and maybe more...
